Staff must report the following COVID exposures outside of work to their supervisor:

1. Living in the same household with someone who tested positive for COVID-19 within the last month.
2. Experience prolonged close contact with someone who is positive for COVID-19.*

Staff Instructions:

- USA Health hospital employees please contact your department manager.
- USA Health residents please contact your GME Coordinator and/or program director.
- USA Health Physician Group and Health Care Authority staff, advanced practice providers and physicians please contact your director of operations.
- If the employee must continue living in the same household with someone who is positive for COVID-19 the employee should receive instructions (CDC guidelines to prevent household transmission) aimed to decrease the risk of household infections.

*Prolonged close contact includes all household members, intimate contacts, and/or being within 6 ft of infected person for more than 15 minutes
