• Do not come to the hospital if feeling ill (scratchy throat, fever, muscle aches, cough, SOB, loss of smell and taste).

• You will be screened for the above upon entering each facility. Bring your own mask each day and don it before entering the building.

• We will not assign students to COVID-19 patients or the COVID-19 unit.

• Study the “Proper PPE” chart available at USA Health so as to preserve and conserve vital PPE.

• Maintain social distancing as much as possible, even during breaks such as lunch.

• Keep work shoes outside your home, if possible.

• Launder scrubs and work clothes separate from other laundry.

• Report to work in freshly laundered scrubs/work attire each day.
