COVID TESTING POWER PLANS FOR UNIVERSITY HOSPITAL AND CHILDREN’S AND WOMEN’S HOSPITAL
All patients who are being admitted to University Hospital or Children’s and Women’s Hospital will be tested for SARS-CoV-2, the virus that causes COVID-19.
COVID-19 Testing Power Plans have two Prompts

Prompt 1: Asymptomatic/Not a PUI
No isolation required

Prompt 2: Symptomatic/PUI
Isolation required
The University Hospital PowerPlan defaults to routine test for asymptomatic and symptomatic patients but if aerosol generating procedure required rapid test can be ordered
The University Hospital PowerPlan defaults to droplet precautions but airborne precautions can be ordered if indicated.
